SKILLS

Architectural Software: AutoCAD (2009), Rhinoceros (4.0), 3D Studio Max (6.0), VectorWorks (10.1), Revit (2009), Generative Components

General Software: Microsoft Office (Word, Excel, Power Point, Publisher), Macromedia (Dreamweaver, Fireworks, Flash), Adobe (Photoshop, Illustrator, InDesign) Basic GIS Software

Environmental Software: Ecotect (Shadow studies, Thermal insulation, Thermal Modeling), Weather Tool (Site Diagramming and analysis), Window

Fabrication: MasterCAM 9.1, experience with 7-Axis Robot, CNC Mill, Waterjet Cutter, Z-Corp Rapid Prototyping 3D Printer, laser cutter, various woodworking equipment, basic welding

JACOB DUGOPOLSKI

EXTRACURRICULAR ACTIVITIES

ethnogeography.com, co-founder

Undergoing pilot phase and research to promote on-line discussion to generate, share and cross-pollinate site-specific cultural insights, ideas and visions to improve the future state of placemaking.

XPLR: New Haven

Founder of second chapter of photography and biking club organizing biweekly rides for urban exploration. Original member of Philadelphia chapter: www.xplr-club.com/philly

Post-Dictatorship Barcelona and Contemporary Place

Analysis of public space development in Barcelona from 1980 to present, collected during internship in Summer 2008, personal project developed with Pedro Azara (Professor at UCB/ESTAB) and further in seminar with muf architecture/art (Liza Fior/Katherine Clarke) 745b: Extended Site.

SEPTA Regional Rail Returns

Series of cell phone photo documentation riding SEPTA Regional Rail lines from Philadelphia's Center City and running the transect back into town.

Retrospecta Committee, Yale University

Yearly School of Architecture publication of student work, team member, documentation, photography

Philadelphia Kickball League [PKL]

Webmaster and Publicity Director, Participant for two seasons

Int'l Federation for Housing and Planning [IFHP], Future of Cities Competition

Individual proposal which addressed urban voids in North Philadelphia.

Manufacturing Material Effects Conference

Attended conference in Indianapolis, Indiana, two day training in Generative Components

Michigan Pops Orchestra [MPO]

All student run orchestra, second chair trumpet, member for seven semesters

Habitat for Humanity [HFH]

University of Michigan Chapter

Technology Coordinator (2004-2005) maintained website, refined online volunteering system.

Publicity Co-Chair (2003-2004) designed publicity materials, shaped organization image

Alternative Spring Break - Augusta, GA (2003) and

Collegiate Challenge - Spartansburg, SC (2004)

Worked with a Habitat for Humanity chapter as a Spring Break volunteer both years

Lafayette Park Sculpture Competition

Developed a design proposal to commemorate Mies van der Rohe on a site in Detroit on a team with two architecture faculty and one graduate student.

Architecture Independent Study

Created Visual Studies Course Booklet (Winter 2004)

Collaborated with studio instructor to create a series of worksheets taking past work in the class and graphically analyzing and presenting it for current students.

Part of Design/Build 3D Modeling Team (Fall 2003) Built a 3D Model of the proposed design for a campus computing site with two architecture students, using Rhinoceros and 3D Studio Max. Produced a series of renderings and animations for publicity.

Green Baxter Court Study [English 140]

Volunteered weekly at youth center, surveyed residents and compiled report on subsidized housing

Michigan Community Scholars Program

Peer Advisor Chair for Programming Board (2003-2004) Led weekly meetings and delegated responsibilities in planning events for the living-learning community

Current project
